## SUMMARY

Detail-oriented Computer Science student specializing in frontend development. Skilled in React.js and creating responsive, user-centric web applications that drive engagement and performance. Experienced in optimizing user experience for healthcare and e-commerce platforms, with a proven record of enhancing functionality and accessibility.

## EDUCATION

**Medi-Caps University**  
*B.Tech in Computer Science*  
**St. Vincent Pallotti School**  
*Higher Secondary Education*

**Rau, Indore, Madhya Pradesh, India**  
*Aug 2021 - Present*  
**Indore, India**  
*June 2018 - March 2021*

## TECHNICAL SKILLS

**Programming Languages:** HTML, CSS, JavaScript, Python, C++ , SQL  
**Frameworks/Libraries:** React.js, Tailwind CSS, Semantic UI, Bootstrap  
**Tools:** Directus CMS, Git, GitHub, VS Code, Postman, Lighthouse, Figma, Canva  
**Databases/Cloud:** MySQL, PostgreSQL, AWS(Amazon Web Services)  
**Other Skills:** REST API Development, Responsive Design, UI/UX Design

## WORK EXPERIENCE

### Software Engineer Intern

*Cufront Healthcare, Nashik, India*

*June 2024 - Sept 2024*

- Developed multilingual functionality for dynamic language switching in React applications, enhancing accessibility for diverse user demographics.
- Improved application load times by 30% through performance optimization techniques, including implementing lazy loading, resulting in a more efficient user experience.
- Worked on the landing page by integrating an AI-driven chatbot to handle customer queries, utilizing third-party API integration to enhance user interaction and support responsiveness.
- Collaborated with cross-functional teams to ensure smooth functionality and integration of doctor and patient portals, enhancing user satisfaction and system reliability through effective team collaboration.

### Frontend Developer Intern

*EasyCRM, Bangalore, India*

*Mar 2024 - Jun 2024*

- Developed dynamic and visually appealing components for a job and internship platform using Vue.js, enhancing user engagement and retention.
- Enhanced the user interface (UI) to improve user experience (UX) for job seekers and employers, leading to increased interaction and satisfaction through effective performance optimization.

### Graphic Designer Intern

*HelpyMoto, Delhi, India*

*Nov 2022 - Feb 2023*

- Created digital content for social media, leading to a 15% increase in brand reach.
- Played a pivotal role in refining the company's visual identity and enhancing marketing efforts through innovative design solutions, contributing to overall business success.

## PROJECTS

- **Ecommerce Platform:** Developed a fully responsive platform for footwear with CMS integration for streamlined product management. [GitHub](#)
- **Music Player:** Built a responsive MP3 player with HTML, CSS, and JavaScript, featuring controls for play, pause, and track navigation, along with dynamic song loading and animation effects. [Link](#) [GitHub](#)
- **Healthcare Chatbot:** Built an AI-based chatbot for appointment scheduling and patient inquiries.

## CERTIFICATIONS & ACHIEVEMENTS

- Executive Member, IEEE Club Feb 2023 - Jan 2024
- Cloud Architecture Badge June 2024
- Participant, Praytna Hackathon Acropolis College, Indore - Aug 2023
- Frontend & Backend Development Certification Devtown BootCamp, Mar 2023
